The real crisis in Michigan is the failure of corporations to take responsibility for their bad actions and the willingness of big business and certain conservative republican judges to blame the victims of corporate misconduct instead of holding the corporations accountable. In accordance with this statement, I'm writing to defend my rights as a citizen against this unconstitutional and brazenly political attempt to rob me and others to have a trial by jury which is the due process of law, constituted in the U.S. Constitution, might I add.

I am praying that as a plaintiff, my voice as well as others, will be heard and taken into consideration. I affirmly believe that it is unfair for big corporations to appease some clients afflicted with absestos and not others. Isn't every individual to be treated with equality in our democracy? Take this to trial and please fight for the rest of us whom haven't been compensated!!!! Me and my family as well as others deserve it. Thank you for your time, Mr. and Mrs. John Gray
